
ANIELA GOVADA

PROFILE

I am a current student at Utah Valley University. I am walking towards my major in web design and development. My concentration is on application development. I also hold and associates of science within my major.

EXPERIENCE

DESKTOP COORDINATOR, CHG HEALTHCARE; MIDVALE, UTAH 2022- PRESENT

In my role, I am assigned to give the new hires in our company, the new equipment, including a laptop and accessories that go along with it. I install software that the employee will use in their time of employment. I also provide them with IT support when they experience issues troubleshooting and need new software that needs to be downloaded in regards to doing their job. I also log inventory and take care of equipment that needs to be shipped out to our other branches around the US.

UX DESIGN INTERN, CHG HEALTHCARE; MIDVALE, UTAH 2022-PRESENT

As a UX design intern I help my lead design and update current website pages that my company is using. I work, mainly in Figma, designing the websites that are live, and that are in need of a redesign. I also attend team meetings, as well as design seminars where the entire team talks about their current projects and ask a question accordingly.

CONTENT AND SOCIAL MEDIA MANAGER, IxD COLLABORATION AT UVU; OREM,
UTAH 2022-PRESENT

I am part of the IxD collaborative council, marketing team with Rosa Baker and Natalie Black. We design posts to promote IxD activities. We also work on creating communication templates and manage the social media accounts. I am also a liaison between students and the organization leaders and faculty members. Working mainly with Discord, Instagram and LinkedIn.

EDUCATION

UTAH VALLEY UNIVERSITY, OREM, UTAH | WEB DESIGN AND DEVELOPMENT
2018-2023

SKILLS

These are some of the software that I work with. I have done projects with python and C++ during the first two years of my major. I also have experience working in JavaScript CSS/ SCSS and HTML. In the design framework, I have worked with sketch, the Adobe creative cloud, and Figma.
